One stroke of the bell when the department is in service is a signal that more hose is wanted and the hose company nearest the box will immediately respond to the signal. Whole department will respond in all cases to the third alarm.

If at any time while part of the department is in service, an alarm should come in from another box all companies waiting for second and third alarms will immediately respond after the first round has struck out.

Two distinct blows on the bells after an alarm has been given is a signal that the fire is out and all companies in waiting, or those covering some other company, will be dismissed.

CLARION COOKING RANGES

Save TIME and MONEY for Housekeepers.

TIME because they always work well—no bothers—no delays and because they have so many labor saving conveniences.

MONEY because they use less fuel than any other ranges and because they cost less for repairs. The splendid construction accounts for these advantages.

BOSTON & BANGOR STEAMSHIP CO.

The oldest established Steamship Company in the United States, having commenced regular communication between Boston and the landings on Penobscot River in the year 1824, which it has maintained with constantly increasing facilities for more than 77 years.

The Steamers now in service are the

City of Rockland,

Capt. Otis Ingraham.

City of Bangor,

Capt. Howard H. Arey.

Penobscot,

Capt. William A. Roix.

Mount Desert,

Capt. F. L. Winterbotham.

During the Summer (or from the middle of June to the first of October) steamers leave Boston at 5.00 P. M., and Bangor daily, except Sunday.

From October 1st until late in December, three passages a week are made; in the winter there are two steamers a week, and upon departure of ice in the spring, three trips a week are made.

The regular landings on Penobscot River and Bay are Bangor, Hampden, Winterport, Bucksport, Searsport, Belfast, Camden, Rockland, Stonington and Mount Desert.

All the steamers of the line are fitted and furnished with all the modern appliances for the comfort, convenience and safety of passengers.

Moderate rates for fares and freight have always been maintained; the officers and agents are noted for their courtesies to passengers and the line has always had the commendation of all along the route.

THE BANGOR, MAINE DAILY COMMERCIAL

Printers' Ink, Jan. 16, 1901.

THE FIFTH SUGAR BOWL.

AWARDED JANUARY 17TH, 1901,
BY

"PRINTERS' INK,"

The Little Schoolmaster in the
Art of Advertising,
TO THE "WEEKLY COMMERCIAL"
OF BANGOR, MAINE,

that paper having been pronounced after over eight months' careful weighing of evidence, the one which gives an advertiser best service, in proportion to the price charged, among all the weeklies in the United States.

"In the entire field of competition the Bangor Weekly Commercial charges the lowest rate per thousand of circulation, and it possesses, in addition, as high a quality of readers as any of the others—circulation that is paid for and appreciated, and that thoroughly covers the northern and eastern Maine towns, going to the best families there."—Printers' Ink, Jan. 2, 1901.

Is acknowledged the leading daily paper in the State. Prints more reading matter and carries more advertising than any other.

The .. Weekly Commercial,

With its guaranteed circulation exceeding 28,000, covers the country districts of eastern and central Maine like the proverbial blanket, and is an invaluable medium for advertisers.

The winning of the Fifth Sugar Bowl in January, 1901, gave the Weekly Commercial the proud distinction of being first among the 15,000 weekly papers in the United States.

By using the daily and weekly editions of the Commercial advertisers can cover this field thoroughly.
