## HOW TO USE THIS HANDBOOK

This Handbook is to help new members get acquainted and to serve as a reference book for all members.

When issued to a new member this Handbook contains pages for all persons who are members of the club at the time of his joining. New pages are mailed to members with the weekly Bulletin as soon as they are ready. **They should be filed as soon as received.**

New members will realize that not all members of longer standing have had their pages currently revised. Some addresses, occupations, and titles, not to speak of the photographs themselves, are not completely up to date.

Members who find their Handbook pages out of date in one respect or another may have made new pages and new photographs. Consult the Handbook editor, L. Felix Ranlett, 60 Montgomery Street, Bangor, 945-5173.

The nominal cost of a revised page is charged to the member. Pages for members who have just joined the club are made at the expense of the club.

When a member removes from the club, as is noted in the weekly Bulletin, file his page in the "Former Members" section at the rear of the book. If your book becomes too crowded ask the editor for an additional cover. There is no charge.
