The whole department will respond in all cases to the third alarm.

One stroke of the bell when the department is in service is a signal that more hose is wanted and the hose company nearest the box will immediately respond to the signal.

If at any time while part of the department is in service, an alarm should come in from another box all companies waiting for second and third alarms will immediately respond after the first round has struck out.

Two distinct blows on the bells after an alarm has been given is a signal that the fire is out and all companies in waiting, or those covering some other company will be dismissed.

IN ROXBURY.

WE ARE TRYING TO GET AS NEAR AS POSSIBLE  
TO THE PHYSICIAN'S IDEA.

Combining these two:—

A MILD STIMULANT;

A WHOLESOME, NUTRITIOUS TONIC.

Such is our **NORFOLK CABINET LAGER**. It has been prepared with the special desire to supply to the medical profession a brewing of hops and malt which should have a lower per cent. of alcohol, making a milder stimulant for their patients than ordinary Lager Beer, but maintaining the wholesome tonic action so much desired.

We have taken great pains to secure the finest and choicest barley malt for this special brand (**NORFOLK CABINET LAGER**) and use only the first quality of hops from the finest hop-growing districts, and by treating them in the proper manner we have succeeded in preserving in our Cabinet Lager the full, rich aroma of the hops so much desired by connoisseurs.

It is bottled in handsome white bottles, the stoppers of which are the *seals*, which are used once only and then discarded. This is the cleanest and most desirable way to close lager beer bottles.

We especially seek to introduce this brand of Lager Beer to families who are fastidious in their selection, and will appreciate a high-grade brewing which combines the important essentials named at the head of this circular.

A trial order is solicited.

The Norfolk Ales and Porter have gained their reputation for "PURITY AND STRENGTH" through our always adhering to our trademark, and manufacturing Ales and Porter which in regard to quality are second to none. Knowing that the public is the best judge, it has been our aim to produce an article which is absolutely pure and nutritious, and the result has been that a case of

Norfolk Golden Ale (Blue Label) is regarded as a household requisite in many families.

Our India Pale Ale will be found in every respect an article of unequalled brilliancy, fully matured and of most delicate flavor, in the manufacture of which only the choicest materials have been used. PORTER is recommended by all leading physicians as extremely beneficial to the human system. It has for years been our object to brew and to place before the public an article which would recommend itself. A trial of

Norfolk Extra Stock Porter will leave no doubt in the minds of our patrons that we have succeeded in brewing a Porter the qualities of which cannot be excelled.

During the Summer (or from the middle of June to the first of October) steamers leave Boston at 5.00 p. m., and Bangor daily, except Sunday.

From October 1st until late in December, three passages a week are made; in the winter there are two steamers a week, and upon departure of ice in the Spring, three trips a week are made.

The regular landings on Penobscot River and Bay are Bangor, Hampden, Winterport, Bucksport, Searsport, Belfast, Camden and Rockland.

All the steamers of the line are fitted and furnished with all the modern appliances for the comfort, convenience and safety of passengers.

Moderate rates for fares and freight have always been maintained; the officers and agents are noted for their courtesies to passengers and the line has always had the commendation of all along the route.
