SELF-LUBRICATING, METALINE

— AND —

Improved Self-Adjusting 5-Roll Roller Bushed TACKLE BLOCKS.

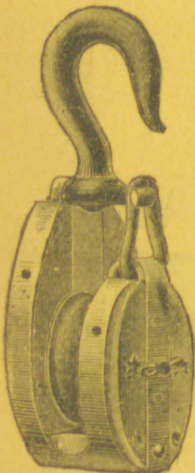

Our latest improved SELF-ADJUSTING FIVE ROLL ROLLER BUSHING will work with less friction than any Patent Bushing yet shown. The rolls are made *solid with shoulders* at each end, which fit into slots in the cage or separator, and not being fastened, will adjust themselves to the pin, making a very accurate working bushing, and less liable to get out of order than any bushing yet attempted. The rolls and separator are increased *three times in size* over the old riveted roller bushing, thereby increasing greatly its strength, as well as the purchase. Their greatest merit is great *simplicity and strength* in their construction. Try them and you will use no other.

Self-Adjusting Roller Bush Sheave,
With Five Rolls.

New Improved Snatch

Clasp closed.

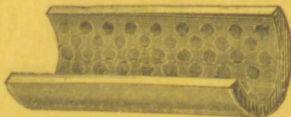

Pat. Jan. 31, 1881.

Our Improved Snatch Blocks will be found to be the simplest in Construction and in every way the best Snatch Block in the market, and will unlatch by simply throwing the hook around to right angles, bringing the lip in line with the link, and is strapped both on the outside and inside, making it the strongest Snatch Block in the market, as well as the easiest to operate.

 57 Exchange St., Portland, Me.

PREFACE.

It gives us pleasure to present to our patrons and the general public the BANGOR CITY DIRECTORY for 1887-88. This edition is No. 12 in the regular series.

For the past eighteen years the work has been compiled by the present Publishers, who feel, therefore, authorized in saying that they understand quite fully what the Bangor people need and desire in their Directory. In the present edition it has been the conscientious aim to satisfy such confessed needs and desires. No reasonable effort has been spared to make the work a credit to the prosperous city which it represents. We trust that the book will be appreciated, not only as a Directory, but as a book of reference containing much information of great practical value to the general public.

As hitherto, we call special attention to the fact that no fixed rules govern the spelling of proper names, so that some care is necessary in order to find certain names spelled differently but pronounced the same. It is well to know first how the person himself spells his name.

The following synopsis shows the increase of names since our last edition :—

	1887.
Names in Bangor . . .	6,717
“ “ Brewer . . .	1,205

We express our hearty thanks to all who have aided our canvassers in collecting materials for the present volume.

Very respectfully,

W. A. GREENOUGH & CO.

BANGOR PUBLIC LIBRARY.

ESTABLISHED 1883.

This library is mainly supported by the income from the Hersey Fund (\$100,000) and the Bangor Mechanics' Association Fund (\$12,000), both of which funds are held in trust by the city for this purpose. The library formerly owned by the Bangor Mechanic Association, of about 20,000 volumes, was transferred in 1883 to the city, also in trust, and became a part of the public library, which is continually increasing by purchases and gifts.

The library is managed by a Board of nine trustees, as follows: on the part of the city, His Honor the Mayor, C. F. Bragg, *Ex-Officio*; the City Treasurer, J. L. Crosby, *Ex-officio*; Hon. F. M. Laughton, Hon. Hannibal Hamlin, Hon. F. A. Wilson, the officers of the B. M. Associations are the other members of the Board as follows: G. S. Hall, *Pres.*; T. U. Coe, *Vice Pres.*; B. Pol, *Sec.*; E. F. Shaw, *Treas.* President of the Board, His Honor the Mayor, C. F. Bragg; Treasurer of the Board, City Treasurer, John L. Crosby; Secretary of the Board, Bernhard Pol.

Daniel Holman, librarian; James Crosby, Mary H. Curran and Anna E. Jewett, assistants.

The Library is free to all to use in the rooms. Any person residing in Bangor may take one book at a time for home use for one year, by the payment of one dollar. The library is open from 9 to 12 A. M., from 2 to 6 and 7 to 9 P. M. Except Sundays and legal holidays.

THEOLOGICAL SEMINARY.

This institution was incorporated under the name of the Maine Charity School, in 1814. In 1816 it went into operation at Hampden. In 1819 it was permanently located at Bangor. Its object is to provide the means of a thorough professional education to ministers. It is open to evangelical christians of every denomination.

Candidates for admission must have been regularly educated at some college or University, or otherwise have made literary acquisitions which as preparatory to theological studies, are substantially equivalent to a liberal education.

The number of students varies from 25 to 60. Whole number of alumni, about 800. The library contains more than 15,000 volumes.

The anniversary is on the first Wednesday in June. There is but one vacation in the year, commencing at the anniversary, and continuing fourteen weeks. The proper time for admission to the seminary is the first week in the academical year, which commences fourteen weeks from the anniversary.

MANUFACTURERS AND IMPORTERS OF

SURGICAL & DENTAL INSTRUMENTS,

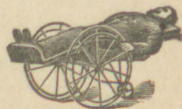

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public:

INVALIDS' ROLLING

—AND—

BATH CHAIRS.

TRUSSES,

A large assortment of best patterns from which to select, to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person, two inches below the top of the hip bone. If the rupture is at the navel, the measure should be around the body at the navel. N. B.—Ladies attended by those of their own sex.

ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity; the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also,

Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, etc.

Also, Crutches of various and most improved kinds; Syringes'

Rubber Urinals to wear on the person day or night,

for Males and Females; Galvanic Batteries,

Hearing Trumpets, Auricles, and Con-

versation Tubes for the Deaf.

Together with many other articles for the use of the SICK and INVALIDS. Also the largest and best assortment of

Atomizers and Nasal Douche,

To be found in the United States. A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics Association, as will be seen from the following report, signed by a leading New England Surgeon and Physician:

"1503. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers.

"The Committee have no hesitation in awarding for this superb exhibition the highest premium * * * The various other instruments for inhalation of atomized liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture.

GOLD MEDAL.

(Signed).

GILMAN KIMBALL, M. D. Chairman."
