J. M. BRIGHT,

Fire, Life, Accident and Plate Glass INSURANCE,

55 WEST MARKET SQ., BANGOR.

Are Your Insurance Rates Too High?

Would you be interested in a plan which would largely decrease the cost of your Fire Insurance?

HERE IS SUCH A PLAN.....

Think it over and try it—or better still, try it and be convinced.

Insure in mutual companies which DIVIDE THEIR PROFITS among their POLICY HOLDERS, thereby giving

INSURANCE AT COST!

This plan has been in successful operation in Massachusetts for fifty years, and is steadily growing in favor with our own property owners. The following Mutual Companies of Massachusetts are authorized to do business in this state, and are represented by me:

HOLYOKE - - MUTUAL FIRE INSURANCE CO. OF SALEM.
QUINCY - - - " " " " " QUINCY.
TRADERS' & MECHANICS' " " " " " LOWELL

They are all strong companies, each having a large surplus, and returning to policyholders cash dividends, as follows:

ON 5 YEAR POLICIES 70 PER CENT. OF PREMIUMS PAID.
ON 3 YEAR POLICIES 50 PER CENT. OF PREMIUMS PAID.
ON 1 YEAR POLICIES 25 PER CENT. OF PREMIUMS PAID.

Only first-class risks are written by any of these companies, the profit is large, and as the PROFIT IS DIVIDED AMONG THE POLICY-HOLDERS, it cannot fail to benefit you. It will pay you to investig this system and if you will call at my office, 55 West Market Sq will show you the standing of all of these companies, explain th methods, and tell you what it will cost to insure your own prope

The Highland Spring,

HOLDEN, MAINE.

In 1785 the part of Penobscot County known as Holden was settled by General John Blake, the opinion then being that the high land was the best for agriculture. Almost at the top of one of the highest hills a clearing was made, and here was the farm at present owned by C. B. Robinson, Esq., the proprietor of the well known

Highland Spring.

This Spring is located on very high land, and as one stands in its vicinity he can look down upon Bangor, six miles distant. The elevation is much higher than that of Bangor, and there is no possibility of there ever being any contamination from drainage or seepage. The water comes from a rift in the solid rock, and has never varied in volume throughout the most trying dry seasons since its discovery, at least 110 years ago.

Laying outside of the paths of tramps or loungers, it is difficult to imagine a more ideal location for a spring.

Mr. Robinson was induced several years ago to supply a few of our citizens with the water at regular intervals, but its delivery has now become a regular business, and hundreds of families are using it in the City. It has been analyzed by the State Board of Health with most satisfactory results.

It must be understood that Mr. Robinson is very willing to supply water at the Spring free to any of his friends, but to deliver at houses, provide jugs and keep them always clean, requires labor that must be paid for. The price will be kept as low as possible, however, and within the means of most of our citizens.

Orders may be sent to

Woman's Exchange,

Columbia Street, Bangor,

The Woman's Exchange was started in a small way about three years ago at the King's Daughters' Home; business increasing they soon took a counter in a store, and finally their business getting too large for that, they hired the house they now occupy, using the first floor for their sales-room.

They have all kinds of embroideries and fancy articles for sale, as also decorating china, etc., etc.

Also in their cooking department various kinds of cake, pastry, bread, etc.; and a cook in the house to cook meats, make broths for the sick, and other things to order.

Consignors pay an annual fee of one dollar; the Exchange also has a commission of ten per cent. on all things sold.

They also have on sale Arnolds Knit Goods for baby, child and mother. Send for catalogue.

Articles received from consignors from any part of the State.

Orders filled and sent to any part of the State at the purchaser's expense.

OUR PLAN OF RELIEF.

It is, doubtless, well understood that our plan of relief for the suffering is, to the greatest extent possible, to aid them to help themselves. We aim to sustain in every practicable way, the dignity of honest labor, and to resist the insidious approaches to the poor of that feeling which regards pauperism as their proper lot. These objects are carried out in our work by the appointment of fourteen ward superintendents who, in conjunction with the city missionary, serve as a bureau of information and investigation, reporting at the regular meetings of the Society. To these ladies we ask that all applicants for aid shall be sent. The fund of the Society is small and is known as the "Emergency Fund." We use it to give relief in cases of sickness or pressing distress. Sometimes this sort of relief is a necessity. "He gives twice that gives quickly," says the old proverb; this means not twice as to quantity, but twice in respect to the quality of the charity extended and the promptness with which it is furnished. In occasional instances we may use this as a fund from which to loan small sums, without interest, thus preserving in the borrower that self-respect and dignity which might be injured by an absolute gift of money. Such loans to be approved at a regular meeting of the Society.

"That Charity is bad which takes from Independence
its proper pride, from Mendicancy its salutary shame."

Do not give Money to Unknown Persons on the Streets or at the Door.

"True Charity lays the rough paths of peevish nature
even, and opens in each heart a little heaven."

This society was organized June 6, 1876, to promote the work of the National W. C. T. U., which had not then been introduced into this city. It was organized by 10 members, and has since enrolled 120 names. Of the whole number, 16 have died, many have removed from the city, and others have withdrawn. Present membership, 53.

As prescribed by the National Union, the requirements for membership are the total abstinence pledge and the annual dues, fifty cents, of which thirty-five go to the county, state and national Unions.

Mrs. Susan A. Lane was the first president of the Union, having served from its organization till her removal from the city in 1884, except for a brief interval. Her christian faith, courage, tact and breadth of view were invaluable in the introduction of the national work, and her

faithful service deeply endeared her to her associates. Succeeding presidents have been Mrs. Benj. Plummer, Mrs. E. G. Smith, Mrs. Elizabeth Butters and Mrs. Helen A. Whitman. Secretaries have been Mrs. Jane A. Appleton, Miss Mary Crosby, Mrs. E. Butters, Mrs. H. A. Whitman, Mrs. L. P. Swett and for a period of seventeen years, Mrs. J. J. Bucknam.

The first meetings were held in the room on West Market square, then occupied by the Young Men's Temperance Union, and later by the Penobscot Savings Bank. The business meetings have been held weekly, fortnightly and monthly; at members' houses, in several small halls and vestries, and for nearly five years in the First Baptist Chapel. Since October, 1892, they have been held every other Thursday, at 3 P. M., in the Y. M. C. A. parlor, where all interested are welcome. The annual meeting for the choice of officers occurs the third week in September.

This auxiliary has at different times taken up the work of many of the departments of the National W. C. T. U. Among the methods employed have been the study and support of the state and national organs; publication of local papers and the "temperance column;" dissemination of the national lesson leaves, leaflets, books, etc.; contributions to the Lucy Webb Hayes portrait, Temperance Temple and other mission works; delegations to county, state, national and international conventions; prayer and gospel mission meetings; S. S. concerts and union church meetings; conventions and mass meetings; Bible readings and parlor conferences; mite box socials, concerts, etc., to raise funds; canvassing with local, state, national and world petitions; interviews with City Governments and School Committees; Band of Hope and Y. W. C. T. U.; rewards to scholars for temperance essays; Temperance Coffee House, and booth at Fair; visiting alms-house, jail, police station, court room and rum-shops and related homes; work at the polls for constitutional amendment; Demorest medal contests; Y. M. C. A. scholarships to abstainers from tobacco; and many addresses and sermons from the ablest speakers upon all phases of the reform.

Among the eminent speakers have been Mrs. Mary A. Woodbridge, Mrs. Mary T. Lathrap, Mrs. Elizabeth K. Churchill, Miss Frances E. Williard, Miss Anna Gordon, Dr. Kate Bushnell, Mrs. Mary Clement Leavitt, Mrs. Zerelda G. Wallace, Mrs. J. K. Barney, Mrs. Laura Ormiston Chant, Miss Lucia Kimball, Mrs. Emily L. McLaughlin, Mrs. Mary H. Hunt, Miss Emeline Yates, Miss Henrietta Moore, Miss Lillian Phelps, Mrs. Clara C. Hoffman, Prof. Geo. E. Foster, Sam Small, Volney B. Cushing, John G. Wooley and others, many of whom have held series of meetings, and several have been called to the city more than once. The State presidents and superintendents have also made frequent visits in furtherance of their departments. Very many of the resident clergymen in this and neighboring cities have been strong supporters of the work of the Union, and the society has held meetings with all the Protestant churches except two.

The work has been from the beginning a profoundly religious one, and a school of faith and strength to all its participants. It constantly seeks new accessions of workers; for as it is in its essence the "organized mother love" striving for the delivery of soul from the dominion of sense, it can never be finished, even long after both the great narcotic customs are overthrown and buried by a rising civilization.

JOSEPH F. SNOW, Pres. T. G. STICKNEY, Vice Pres.
GEORGE W. HARRIMAN, Agent.
Appointed by the Governor.

To the School Committee.

Gentlemen:—Will you kindly call the attention of the teachers of the schools in your town to the Amendment of the School Laws of Maine passed by the legislature of 1891 and approved by the Governor.

Chapter 29, Laws of Maine,

AMENDMENT.

And it also shall be the duty of all teachers in the public schools of this State to devote not less than ten minutes of each week of the school term to teaching to the children under their charge, the principals of kindness to birds and animals.

The education of young persons in humane treatment of animals is much to be desired. If children are made to understand that dumb animals suffer physical pain from cruel treatment as much as they themselves do when hurt, that birds when robbed of their young or tormented quiver with pain they would almost always stop to consider before they inflict injuries upon the creatures in their power.

The overloading, overdriving, or neglect to shelter domestic animals is often the result of ignorance rather than malicious cruelty. Few children are cruel by nature. It is for us to see that they do not become so through our failure to teach them aright. The kind hearted man is a better neighbor and a better citizen than the brutal one, and the boys in the schools today are the coming men. Let us neglect no opportunity to instil into their minds the principals of kindness and justice.

BANGOR HUMANE SOCIETY.
By its President, JOSEPH F. SNOW.

- "A merciful man is merciful to his beast."
- Don't use the overdraw check.
- Be careful in the use of the whip.
- Remember the animal has no voice to complain.
- Feed your animals well.
- Don't put a frosty bit in the horse's mouth.
- Don't leave your horse in the cold without a blanket.

RING THE BELLS OF MERCY.

Ring the bells of mercy,
Ring them loud and clear,
Let their music linger
Softly on the ear,
Filling souls with pity
For the dumb and weak,
Telling all the voiceless
We for them will speak.

Few people are aware how severe the penelty is for cruelly abusing animals, we give below but a few of the Laws of Maine for the Prevention of Cruelty.

THE LAWS.

SECTION 1. Whoever shall overdrive, overload, overwork, torture, torment, deprive of necessary sustenance, cruelly beat, mutilate or kill, or cause or procure to be so overdriven, everloaded, overworked, tortured, tormented, deprived of sustenance, cruelly beaten, mutilated or killed, any horse, ox, or other animal, and whoever having the charge or custody of any such animal, either as owner or otherwise, shall unnecessarily fail to provide such animal with proper food, drink, shelter or protection from the weather, shall for every such offence be punished by imprisonment in jail not exceeding one year, or by fine not exceeding two hundred dollors, or by both such fine and imprisonment.

SECTION 10. It shall be the duty of all sheriffs, deputy sheriffs, police officers and constables to prosecute all violations of the provisions of this Act which shall come to their notice or knowledge; and all fines collected under this Act shall be paid over to the treasurer of the city or town where the offence for which the fine is imposed, was committed; and in case a society should be formed in such city or town, for the prevention of cruelty to animals, then such fines shall inure and be paid over to such society, in aid of the benevolent objects for which it shall have been formed.

Any sheriff, deputy sheriff, constable, police officer, officer of any society for the prevention of cruelty to animals, or any other person authorized to make arrests, may enter any building or enclosure where he has reason to believe that any bird or creature is kept for training to be engaged in fighting; and any person resisting or interferring with such officer shall, upon conviction thereof, be punished by imprisonment in the county jail not exceeding one year, or by fine not exceeding one hundred dollars, or by both such imprisonment and fine. Nothing in this section shall be constructed as allowing any officer to enter a dwelling house without a warrant.

SECTION 11. The several Municipal and Police Courts and Trial Justices in this State shall have concurrent jurisdiction with the Supreme Judicial Court of all offences under this Act.

On one of the most travelled roads, just out of the great City of London, England, at the foot of a hill is hung this sign:—

HORSE'S PETITON TO HIS DRIVER.

"Up the hill whip me not,
Down the hill hurry me not,
In the stable forget me not,
Of hay and grain rob me not,
Of clean water stint me not,
With sponge and brush neglect me not,
Of soft, dry bed deprive me not,
When sick or cold chill me not,
With bit or rein jerk me not,
And when angry, strike me not."
