PENOBSCOT COUNTY

STATE OF MAINE.

Penobscot, ss.

Court of County Commissioners,  
October Term, A. D. 1904.

Whereas, the County Commissioners of said Penobscot County did in the month of September, A. D. 1904, make an inspection of all County Roads and other roads, originally located as town roads in unincorporated townships and tracts of land in said Penobscot County, as required by Section 58 of Chapter 9, of the Revised Statutes, in order to make an estimate of the amount needed to put said roads in repair, so far as to be safe and convenient for public travel.

Now, therefore, the said County Commissioners upon due inspection as aforesaid, adjudge and estimate that the amount needed to put the roads aforesaid in repair in the several townships hereafter named, so that the same shall be safe and convenient for public travel is as follows:

Webster Plantation	\$176.10
Township No. 3, N. W. P. (Seboeis Plantation)	150.76
Township No. 2, R. 6, W. E. L. S.	150.04
“ “ A, R. 7, W. E. L. S.	253.92
“ “ 1, R. 7, W. E. L. S.	308.62
“ “ 2, R. 7, W. E. L. S.	198.36
“ “ 2, N. D. B. P. P. (Grand Falls)	333.39
“ “ 1, N. D. B. P. P. (Summit)	198.36

And the said Commissioners do now on this 7th day of December, A. D. 1904, being the thirty-fifth day of the October Term of Court, further consider and adjudge, that the aforesaid sums shall be wholly assessed upon the respective townships, according to the estimate made aforesaid, for the purpose aforesaid, and no part thereof on the County of Penobscot, because the same will not be unreasonably burdensome to the owners of the townships.

WEBSTER PLANTATION.

And the said Commissioners having estimated that the sum of one hundred and

seventy-six dollars and ten cents (\$176.10) is needed to put the said roads in repair as aforesaid, in the township or tract of land known as Webster Plantation, they do further consider and adjudge that such sum of one hundred seventy-six dollars and ten cents shall be and is hereby assessed upon Webster Plantation. That said Webster Plantation contains twenty-one thousand acres, in various subdivisions, and that the land contained in said subdivisions is of different and unequal value; that the total value of land in said plantation, is fourteen thousand six hundred and seventy-five dollars, so that said tax, to wit: said assessments on said Webster Plantation is twelve mills on each and every dollar of said valuation.

And said Commissioners have made the following divisions of the land within said Webster Plantation, conforming as nearly as convenient to known divisions and separate ownerships, and assess upon each of said divisions a sum proportionate to the value thereof, said divisions and the assessment upon each being as follows:
