WOOD MANTELS,

Stair Work,

— — — — — AND — — — — —

BUILDING TRIMMINGS OF ALL KINDS.

FRONT STREET,

BANGOR, - - - MAINE.

We have recently fitted up a Show-room for Mantels, Stair-work, etc., and shall, as the season advances, add many new styles to our stock. We have Mantels, Posts, Newels and Balusters at any price desired, and can make to order any style in any kind of wood.

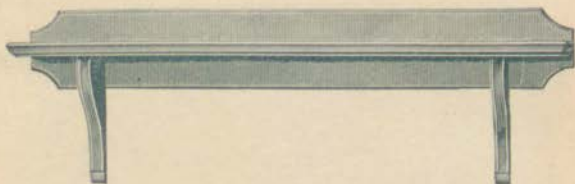

We would be pleased at all times to show you our goods, which comprise everything in the Lumber and Building Trimming line, and if you will examine our stock, we will let you decide if we have not the largest assortment and most reasonable prices of any firm in the State.

*Hoping to merit a continuance of your favors,
we are,*

Yours respectfully,

DOLE & FOGG.

Bangor, Me.

With 24 x 40 French Plate, beveled. Finished in White and Gilt.

Stair-work Department.

Our stock in this line has never been so varied in styles and kinds of woods; and we are prepared to furnish detail work, as well as the Turns, Ease-offs, Ramps, etc., at short notice, guaranteeing a fit according to plans given.

Stair Work furnished to Architects' Designs.

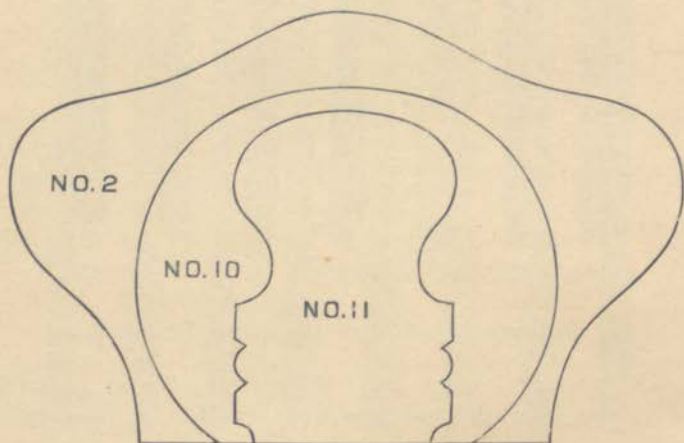

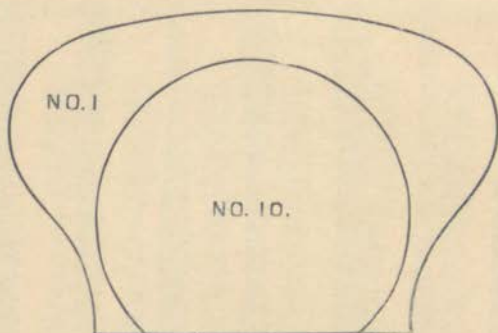

In ordering, please notice the following

DIRECTIONS.

1. Give number and sizes of Newel Post, Rail and Balusters; what Frame-post is wanted, if any. It would be well, when ordering, to give a sketch or drawing of stairs.
2. In ordering, give us the exact rise and run of your stringer as sawed in the rough.
3. Give number of *Risers* instead of number of steps.
4. Length of Rail on gallery, measuring from face of gallery board, we allowing for all projections of nosings.
5. If the stairs are straight, with a continued rail, at landing, state how much the well-hole sets in back of the face of the top riser, giving the radius of well-hole; and if landing-post is to be used, state if well-hole is square; if not, give the radius.
6. If the stairs are circular, make a diagram, and give the exact width of each step on face stringer, as sawed, giving size of well-hole.
7. In all cases state whether the Rail is on right or left hand going up stairs, and which is wanted — Straight or Side Ease.

Keep this Catalogue safely, so that it can be found when you wish to order.

HAND RAIL.

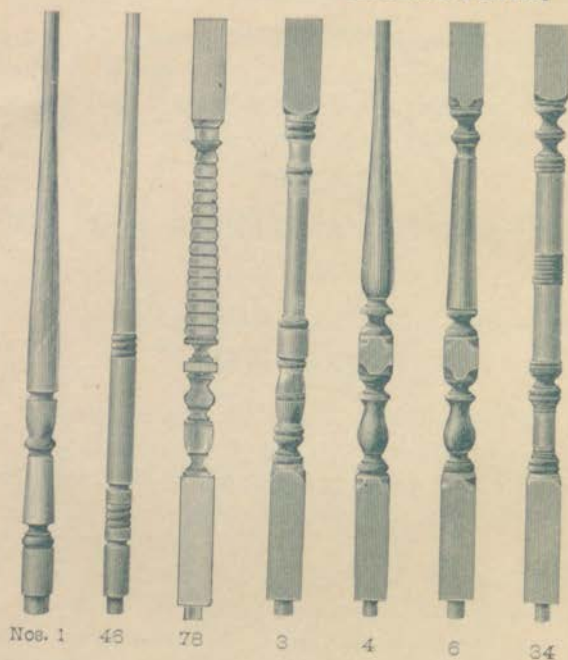

(See Price-list for sizes, etc.)

Rail worked to Architects' Designs in all kinds of wood.

See page 40 for directions in ordering rails.

FANCY TURNED BALUSTERS.

For sizes and kinds of Wood, see Price-list.

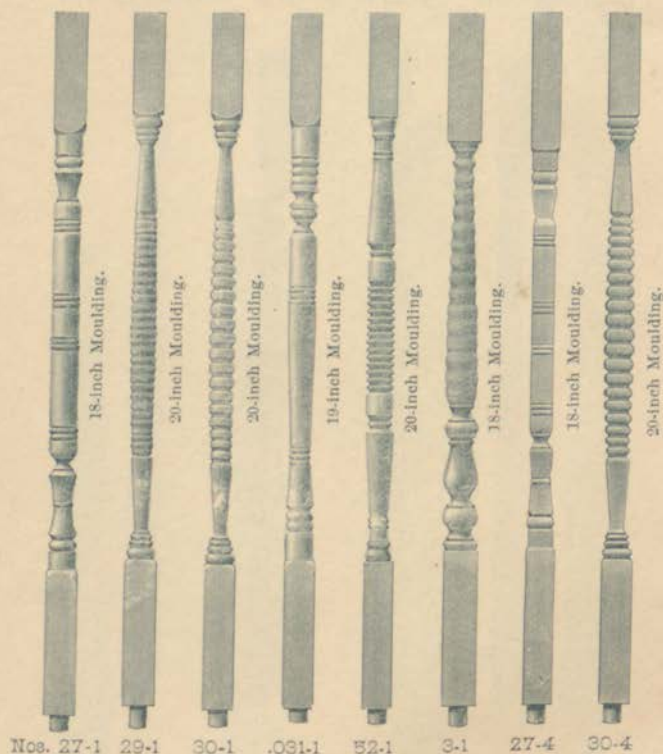

Our regular lengths for Balusters are 28 and 32 inches. The difference in long and short Balusters is in the base, excepting Nos. 1 and 46.

All Balusters sent with $\frac{7}{8}$ Dowel, unless otherwise ordered. Other styles furnished in a reasonable time.

1-inch Pine Baluster, 2 feet 10 inches long.

We carry a large stock of Mouldings.

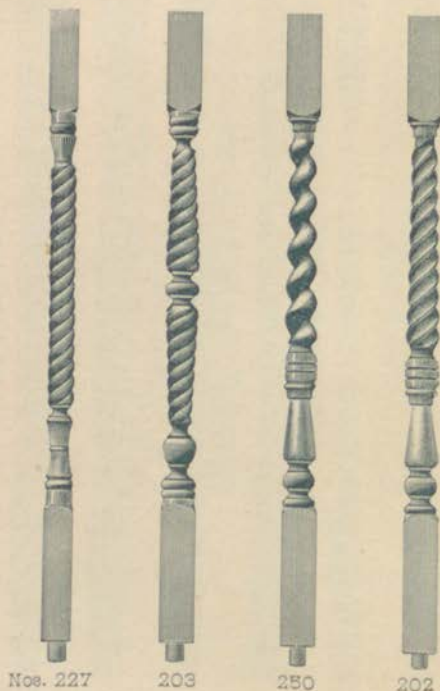

MACHINE-TURNED BALUSTERS.

For sizes and kinds of Wood, see Price-list.

Round, Octagon or Square Balusters furnished at factory prices.

STOCK PATTERNS OF
SPIRAL OR TWIST STAIR BALUSTERS.
